

Snow Removal and Remediation in Commercial and Multifamily Properties

JANUARY 20

11:30 a.m. - 1 p.m. at Colliers International Building, 150 West Main St., 21st Floor, Norfolk

According to the Almanac, the long-range weather forecast for our area precipitation will be below normal in the south. The best chances for snow are in mid- to late January and early to mid- February. Prepare yourself and your on-site staff for the possibility of snow.

Will Hampton Roads see snow in 2022? It's very possible. We invite you to join us at the first in-person meeting this year. Hear from the pros on snow removal at your properties and remediation. Our very own Industry Partners will participate in a panel discussion sharing their tips and tricks. Panelists include Frank Ellsworth with Beck Roofing, Mike Hall with Belfor Property Restoration, and Jason Martin with U.S. Lawns Hampton Roads. **Lunch will be provided.**

BECK ROOFING CORPORATION

Frank Ellsworth

BELFOR 
PROPERTY RESTORATION

Mike Hall
